

Laredo Anywhere Creating an Account

www.LaredoAnywhere.com

NOTE: Creating a Laredo Anywhere account does not add any additional cost to your Laredo subscription, nor does it automatically allow you to begin searching. Users must link the counties in which they have a subscription to begin searching.

1. Open your internet browser and go to www.LaredoAnywhere.com.
2. Click the “Create account” link (see image to right).
3. Once you have clicked the link, a new page will appear with four steps to walk you through the sign-up process.

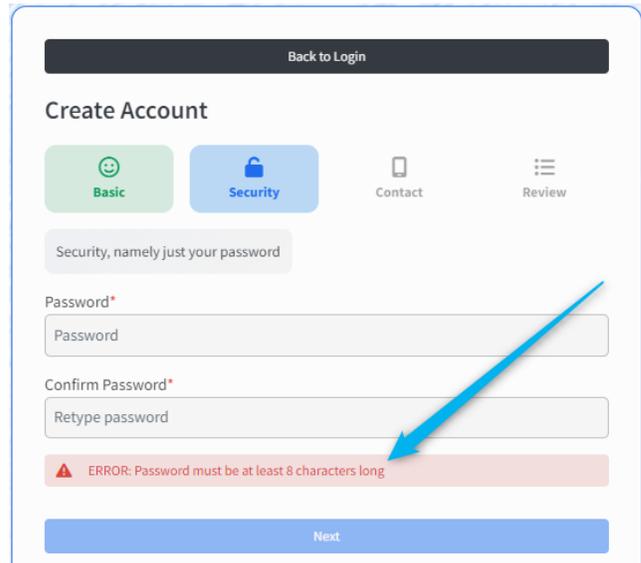

4. When selecting your username, please remember that you will not be able to change it after completing the process.
5. When navigating through the account creation process, please be sure to enter accurate information.

NOTE: Fidlar Technologies and our county partners take the privacy and data security very seriously. The information provided will never be sold nor abused.

6. When creating a password, please note that it must be eight (8) characters long. Also, this is a unique password of your own creation. You do **not** need to utilize the password provided by a county.

NOTE: This password can be changed by the user at any time.

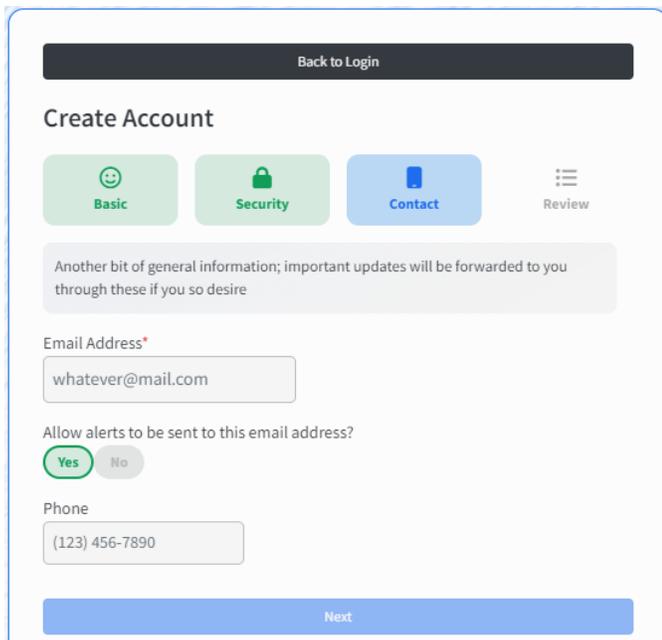

The screenshot shows the 'Create Account' form with a 'Back to Login' link at the top. Below the title are four tabs: 'Basic', 'Security', 'Contact', and 'Review'. The 'Security' tab is active. A message reads 'Security, namely just your password'. There are two input fields: 'Password*' and 'Confirm Password*'. The 'Password*' field contains the text 'Password'. Below the fields is a red error message: 'ERROR: Password must be at least 8 characters long'. A blue arrow points to this error message. At the bottom is a blue 'Next' button.

7. When entering your email address, please be sure to use one that is monitored regularly.

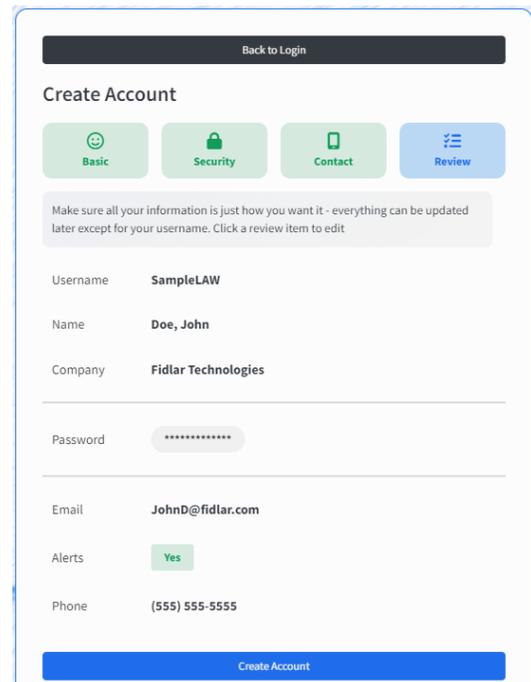

8. We recommend leaving “Allow alerts to be sent to this email address?” set as “Yes” so as not to miss any important communications.

NOTE: This contact information will be used to communicate important updates, as well as for username/password retrieval.

The screenshot shows the 'Create Account' form with a 'Back to Login' link at the top. Below the title are four tabs: 'Basic', 'Security', 'Contact', and 'Review'. The 'Contact' tab is active. A message reads 'Another bit of general information; important updates will be forwarded to you through these if you so desire'. There are three input fields: 'Email Address*' (containing 'whatever@mail.com'), 'Phone' (containing '(123) 456-7890'), and a toggle for 'Allow alerts to be sent to this email address?' with 'Yes' selected. At the bottom is a blue 'Next' button.

9. Please be sure to review your information carefully before clicking “Create Account” at the bottom of the page.

The screenshot shows the 'Create Account' form with a 'Back to Login' link at the top. Below the title are four tabs: 'Basic', 'Security', 'Contact', and 'Review'. The 'Review' tab is active. A message reads 'Make sure all your information is just how you want it - everything can be updated later except for your username. Click a review item to edit'. Below this are several fields with their values: 'Username' (SampleLAW), 'Name' (Doe, John), 'Company' (Fidlar Technologies), 'Password' (masked with asterisks), 'Email' (JohnD@fidlar.com), 'Alerts' (Yes), and 'Phone' ((555) 555-5555). At the bottom is a blue 'Create Account' button.

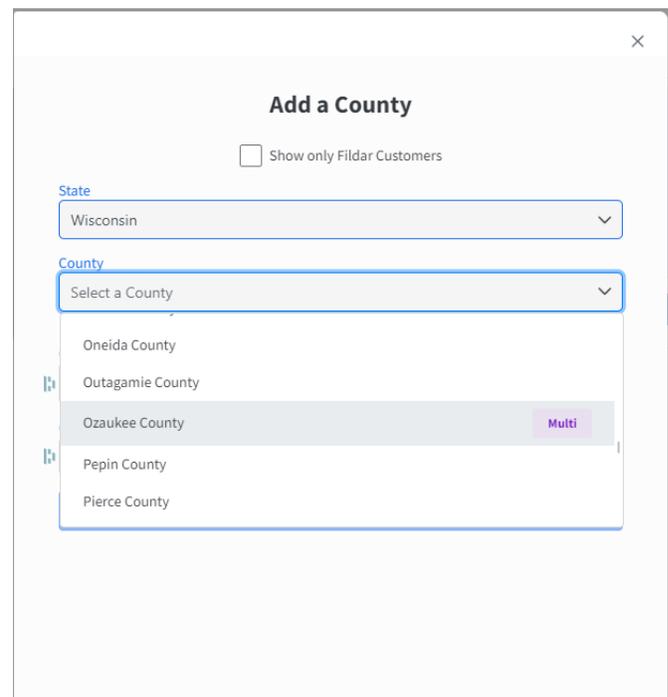

Laredo Anywhere Linking a County Search Account

NOTE: This is the second major step in setting up your online search account. Please be sure that you have created a Laredo Anywhere account and logged in prior to following this process. Additionally, please be sure that you have signed an agreement with each county in which you will be searching and received a username/password in return.

1. When in the Laredo Anywhere dashboard, click the large empty box with “Add County” to begin the process of linking your county search account. This will cause an account setup wizard to appear.

2. Select the relevant state and county in which you would like to search for land records.

NOTE: If you see a “Multi” tag next to a county, this means that they will allow you to link multiple Laredo users to the same Laredo Anywhere account. This allows users sharing usernames/passwords to have their own Laredo Anywhere accounts to accommodate your unique searching needs.

The screenshot shows a modal window titled "Add a County". At the top right is a close button (X). Below the title is a checkbox labeled "Show only Fildar Customers". There are two dropdown menus: "State" with "Wisconsin" selected, and "County" with "Select a County" selected. Below the "County" dropdown is a list of counties: Oneida County, Outagamie County, Ozaukee County (highlighted with a purple "Multi" tag), Pepin County, and Pierce County.

3. After entering the assigned username and password from the county, you may click “Add County” to complete the process. You will see a confirmation at the bottom of the window.

Successfully added Ozaukee County, Wisconsin

4. You may repeat the above three steps to add additional counties to your Laredo Anywhere account or click the “X” in the top right corner of the wizard to exit.
